

Complete the two exercises below:

1. Consult the [Wycliffite “Tower of Babel” passage](#), where the verbs “to divide” and “to descend” are each used twice. The table below inserts them in a paradigm where they belong. Using the information from our textbook and from other words in the passage, complete the paradigm for these two weak verbs.

	"to divide"	"to descend"
INFINITIVE		
(all)		
PRESENT INDICATIVE		
first person	ic	ic
second person	thou	thou
third person	he	heo
plural (all)	thei	ge
PRESENT SUBJUNCTIVE		
singular (all)		
plural (all)		descende we
PRETERITE INDICATIVE		
first person	ic	ic
second person	thou	thou
third person	(he) deuydide	(he) descendide
plural (all)	we	thei
PRETERITE SUBJUNCTIVE		
singular		
plural		
PAST PARTICIPLE		
(all)	dyuydid	

2. What kind of verb is *founden/funden* in verse 2?

How would you conjugate it (give the number, tense & mood)?

What would its infinitive be? (Hint: consult the paradigm in ODEL.)
